

Does Greenpeace promote ecoterrorism?

Certainly not. Non-violence is one of the founding principles of Greenpeace. Our nonviolent confrontations merely draw attention to environmental problems.

Is Greenpeace a leftist organization?

Certainly not. Greenpeace closely safeguards its political independence. Our only agenda is to protect the living environment for future generations.

Has Greenpeace been corrupted by corporations?

Certainly not. Greenpeace has strict regulations for raising financial resources. Over 80 % of all our funding are donations from individual supporters.
